

8th Annual Upstate Stroke Symposium

Sat., Nov. 10, 7 a.m.-3:15 p.m.

Event Purpose: Provide physicians and other clinicians an outstanding educational offering that addresses questions and issues related to stroke care across the continuum. The event will provide information from highly qualified and prestigious presenters on leading-edge treatments and management options for stroke that reflect national standards and clinical practice guidelines.

Target Audience: Physicians and advanced practice providers in emergency medicine, neurology, neurosurgery, critical care, internal medicine, hospital medicine, family practice, physiatry, radiology and vascular surgery; nurses, rehabilitation specialists, emergency medical service providers

Topics: Distinguishing stroke from mimics, thrombolytic and endovascular treatments, carotid revascularization, surgical management and neurocritical management, post-stroke rehabilitation, and stroke from the survivor and caregiver perspectives

Speakers: GHS physicians representing Emergency Medicine, Neurology, Neuro-Endovascular, Neuro Critical Care, Neurosurgery and Vascular Surgery; Roger C. Peace rehabilitation specialists and community representatives

Location: Greenville Memorial Hospital's Coleman Medical Staff Auditorium, Greenville, SC

Registration Fees: Participant registration fees will be donated to the GHS Office of Philanthropy to provide a local Refresh & Retreat Stroke Camp, which offers a weekend experience for stroke survivors and their caregivers to relax, network, and explore new challenges in a supportive and fun setting.
