

C.M. Easley Symposium & Resident Research Day

Department of Obstetrics & Gynecology
Friday, May 3, 2024

Robert E. Coleman Medical Staff Auditorium
Prisma Health Greenville Memorial Hospital
Greenville, South Carolina

Course description

The symposium is an annual event providing up-to-date information on science and clinical practice in Obstetrics and Gynecology to the Upstate community. Lecturers are chosen from the leading medical scientists and clinicians on a national level and from within the department's own residency program.

The goal is to provide a forum for the presentation of current evidence-based medicine in appropriate sub-specialties within OB/GYN. Participants will be provided with learning objectives supported by individual lectures and discussion with the goal of allowing them to increase their knowledge and make substantive improvements to their practice and patient care.

Guest speaker

William A. Cliby, MD

Virgil S. Counseller Professor of Surgery,
Professor of Obstetrics and Gynecology,
Mayo Clinic, Rochester, Minnesota

This symposium is named for Clarence M. "Hots" Easley, MD, in honor of his contributions to the development and support of the Department of Obstetrics & Gynecology and its Residency Program at Prisma Health.

In keeping with Dr. Easley's legacy, this annual meeting is devoted to bringing the best in new information to residents, graduates of the program and practicing physicians in the region.

Please note that we are offering CME credits this year, and your attendance registration is required. Please use this link: <https://ghscme.ethosce.com/content/cm-easley-symposium-and-resident-research-day-2024#group-tabs-node-course-default1>

Objectives

Upon completion, the participants should be able to:

- Describe what mentorship is and the responsibilities of both mentors and mentees
- Give some examples of current mentorship models
- Identify strategies for being a successful mentor
- Understand the perceptions and themes of Twitter posts about marijuana use in pregnancy
- Understand whether patient-assessed evaluation of postpartum bleeding differs in women who receive immediate postpartum contraception with the levonorgestrel intrauterine device (IUD), women who receive immediate postpartum contraception with the etonogestrel subdermal implant and women who receive no contraception throughout the first six weeks postpartum or the duration of lochia
- Assess the effect of induction of labor on cesarean rates in patients with obesity
- Review the common pregnancy complications associated with obesity
- Understand adherence to evidence-based treatment of intra-amniotic infections (IAI) before and after implementation of cefoxitin as first line treatment
- Understand how group prenatal care influences rates of breastfeeding at hospital discharge
- Understand how group prenatal care influences breastfeeding knowledge and self-efficacy
- Identify factors negatively affecting the utilization of first trimester prenatal care
- Discuss the limitations of prenatal diagnosis with increased body mass index
- Analyze historical attempts to improve this issue
- Review results from thesis project "Panniculus retractor use for visualization of fetal anatomy: A randomized controlled trial"

Program agenda

C.M. Easley Symposium program • Friday, May 3, 2024

- 7:00–7:30 a.m. **Registration with coffee and juice**
- 7:30–7:40 a.m. **Opening remarks** • *Paul Miller, MD*
- 7:40–7:50 a.m. **Welcome** • *Kacey Eichelberger, MD*
- 7:50–8:05 a.m. **Evaluating Postpartum Bleeding in Patients with Immediate Postpartum Long-acting Reversible Contraceptives (LARCs)**
*Lauren Cannon, MD**
- 8:05–8:20 a.m. **Adherence to Evidence-based Treatment of Intra-amniotic Infections (IAI) Before and After Implementation of Cefoxitin as First Line Treatment**
*Jennifer Palomo, MD**
- 8:20–8:50 a.m. **Same Day Discharge in Minimally Invasive GYN Surgery: A Care Partner Perspective**
Savannah Micolucci, MD, MIGS Fellow
- 8:50–9:05 a.m. **In Search of a Blueprint for Changing Patient Behavior: Group Prenatal Care Improves Breastfeeding Knowledge But Not Rates of Breastfeeding Initiation**
*Meghan DuBose, MD**
- 9:05–9:15 a.m. **Break**
- 9:15–9:45 a.m. **Panniculus Retractor Use for Visualization of Fetal Anatomy: A Randomized Controlled Trial**
Melissa Wise, MD, MFM Fellow
- 9:45–10:00 a.m. **Understanding Perceptions of Marijuana Use in Pregnancy: An Exploratory Twitter Analysis**
*Kelly Little, MD**
- 10:00–10:15 a.m. **Comparing Rates of Cesarean Delivery in Females with BMI >35 before and after Implementation of a 39-week Induction of Labor Policy**
*Nathan Gilreath, MD**
- 10:15–11:05 a.m. **I Wish I Knew Then What I Know Now: The Importance of Mentorship**
William Cliby, MD
- 11:05–11:15 a.m. **Wrap up** • *Paul Miller, MD*
- 11:15–11:45 a.m. **Brunch** – includes boxed meal and drink
- 11:30 a.m.–12:15 p.m. **Posters and questions**

*Post-Graduate Year III

Department chair

Kacey Y. Eichelberger, MD

Chair, Department of Obstetrics & Gynecology, Division of Maternal-Fetal Medicine, Prisma Health; Professor of Obstetrics & Gynecology, University of South Carolina School of Medicine Greenville

Faculty mentors

Jeffrey W. Elder, MD

Prisma Health Cancer Institute–Greenville; Department of Obstetrics & Gynecology, Division of Gynecologic Oncology, Prisma Health; Clinical Assistant Professor, Clinical Obstetrics & Gynecology, University of South Carolina School of Medicine Greenville

Chelsea W. Fox, MD

Department of Obstetrics & Gynecology, Division of Reproductive Endocrinology & Infertility, Prisma Health; Clinical Assistant Professor of Obstetrics & Gynecology, University of South Carolina School of Medicine Greenville

Benjie B. Mills, MD

Department of Obstetrics & Gynecology, Division of Pediatric and Adolescent Gynecology, Prisma Health; Associate Professor of Obstetrics & Gynecology, University of South Carolina School of Medicine Greenville

Jill Boland, MD

Dr. Boland, formerly a maternal-fetal medicine OB/GYN with Prisma Health, served as a faculty mentor from July 2021 to September 2023.

All Prisma Health physicians are with Prisma Health in the Upstate.

Symposium committee

Kacey Y. Eichelberger, MD

Chair, Department of Obstetrics & Gynecology, Division of Maternal-Fetal Medicine, Prisma Health; Professor of Obstetrics & Gynecology, University of South Carolina School of Medicine Greenville

Laura M. Carlson, MD

Department of Obstetrics & Gynecology, Division of Maternal-Fetal Medicine, Prisma Health; Assistant Professor of Obstetrics & Gynecology, University of South Carolina School of Medicine Greenville

Thompson A. Gailey Jr., MD

Department of Obstetrics & Gynecology, Attending Physician, OB/GYN Center, Prisma Health

Richard J. Kordus, PhD, HCLD (ABB)

Director of ART Laboratories, Fertility Center of the Carolinas, Prisma Health; Assistant Clinical Professor, University of South Carolina School of Medicine Greenville

Paul B. Miller, MD

Vice Chair of Academic Affairs, Department of Obstetrics & Gynecology, Division of Reproductive Endocrinology & Infertility, Prisma Health; Fellowship Director, Minimally Invasive Gynecologic Surgery; Professor of Obstetrics & Gynecology, University of South Carolina School of Medicine Greenville
